3-Part Workshop Series Takes New Approach To Increasing Productivity

Valparaiso, IN – The Northwest Indiana Small Business Development Center is partnering with Success Trek, Inc. and Breakaway Performance Group to offer a 3-part workshop series, *Accelerating Productivity: For You, Your Staff and Your Company*. While most trainings offer tips and tools for increasing productivity, this workshop series is built around a unique online assessment tool called the Attribute Index (AI) which participants take prior to attending. The assessment and its detailed report enable attendees to understand and more effectively leverage their individual talents, decision-making drivers and stress responses. “The AI allows us to help participants raise their self-awareness regarding their emotional intelligence competencies,” explains Theresa Valade, CEO of Success Trek. “In these workshops, we move beyond hard skills to focus on the underlying processes that inform an individual’s choices and behaviors within different work environments.”

Accelerating Productivity: For You, Your Staff and Your Company will be offered at the Valparaiso Chamber of Commerce, 162 W. Lincolnway, from 8 a.m. to 10:30 a.m., Thursdays Oct. 6, 13 and 20th. For best results, workshops should be taken as a 3-part series, but may be purchased individually. The cost structure is as follows: First 15 registrants pay \$89 for one workshop, \$159 for two and \$199 for all three. After the 15th registrant, prices increase to \$115 for one workshop, \$185 for two and \$225 for all three. Group discounts are also available. Continental breakfast will be provided.

Pre-registration and pre-payment are required. For details about each workshop and to register, visit www.success-trek.com/individual-assessment-workshop.

NWI SBDC: Serving seven counties in the region, the NWI SBDC offers free assistance for entrepreneurs starting or expanding their businesses. Through one-on-one consulting, the NWI SBDC helps guide small businesses toward their goals by offering referrals, workshops, training opportunities and other essential business tools. It is funded in part through a cooperative agreement with the Small Business Administration, the State of Indiana and other local partners.
